

Dear Rod,

Volunteerism is the heart of Casting for Recovery's ability to help women who have received a breast cancer diagnosis.

It requires devotion and generosity, valuable personal time, and stalwart commitment.

Some of you have been with Casting for Recovery since its birth in 1996. Some of you have just joined us in our mission to bring new tools to breast cancer survivors.

To all of you, we send our warmest appreciation for all you do for Casting for Recovery.

You are making history!
