

Let's begin with thank you and I love you all. How wonderful that people like you care enough to sponsor breast cancer survivors like myself. And then to find out that you're right here in Georgetown where I live is unbelievable. I had hoped to come to your meeting to thank you in person but was unable to make it, but I am planning on the next one.

The Casting for Recovery retreat was an amazing weekend for all of us! We were at a beautiful ranch, the weather was perfect, the food was great, we learned to tie flies and cast a fly rod. We did lots of hugging, tons of talking and even more laughing. Oh yeh, I don't want to forget to mention that we got to fish with some of you wonderful fly fishers. It's very special for you to give up your time and drive all that way to teach us beginners. And when I say beginners I mean beginners. Just ask Mike Howard. I caught 3 or 4 tree fish, the grass behind me and did many things that you couldn't begin to call casting, or fishing. However, I did catch three fish....that's the bottom line isn't it? Mike had to literally talk me out of taking the last one home to mount! So much fun!

It was a fantastic retreat and I wish all breast cancer survivors could have this wonderful experience.

Thank you all again and I hope to see you next meeting.
