Chris is planning an on the water clinic and two-hour guide blocks for those that are interested.

Our upcoming speaker for November will be Nils Pearson and he will be giving a presentation on blue water and offshore fly fishing. He is passionate about fly fishing in general, and is an active member of the Austin Fly Fishers. Nils has been guided offshore and has done some blue water fly fishing from his kayak. He will discuss rigging, flies, and equipment in addition to showing some pretty awesome fly rod catches in his presentation! From do-it-yourself offshore to guided blue water fly fishing, Nils will tell you how to plan your next trip!

Remember, the IFFF is asking for all clubs to focus more on “Conservation” projects to improve the fish habitat throughout the country. Let us know if you have any ideas along this line.

Look on our website at the "Outings" page and the "Photo Gallery" to catch up on the recent outings, and don't forget to send Don Johnson your fishing reports so he can put them on the website.

Our December meeting will be our Christmas Party at Berry Creek Country Club on Wednesday, December 3.

I think that about covers it for this month. Hope to see you this Thursday.
